Business Partner

Butterfly 6204 and Butterfly 6204 Plus Folder

Gera's finishing experience has achieved a high level of customer satisfaction providing the large format market with the smartest folding solutions. This extremely compact finisher has been designed to be combined with the **6204 Xerox Printer**.

Enjoy the enhanced benefits of an economic and compact folder that provides concurrent printing and folding during scanning.

Highlights

No Space?

The Butterfly 6204 is the ideal Folder for small spaces. The operator can comfortably scan documents with the folder attached to the Xerox 6204 printer.

Need Offline Folding?

To enable the Manual feed, easily swing the Butterfly Folder out, to gain access to load media rolls or use the offline folding feature.

Two Solutions.

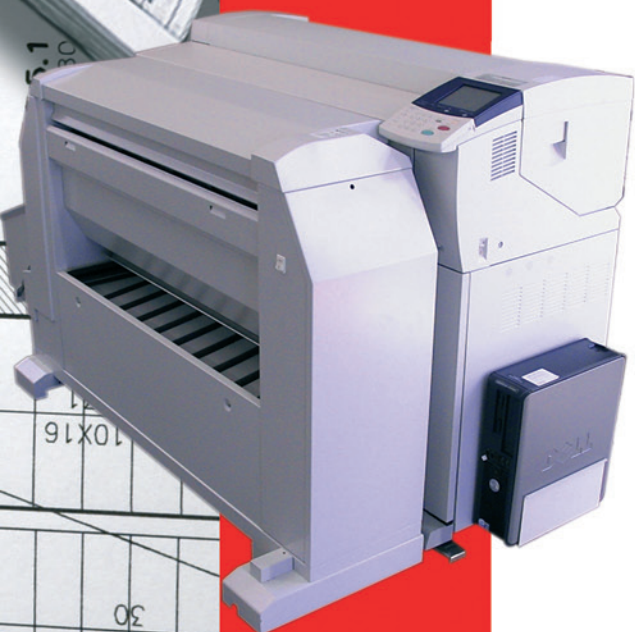

-**Butterfly 6204**, Base Model, on-line folder. Small investment of great value. Printer output is delivered fan folded.

-**Butterfly 6204 Plus** Model, combines high productivity (2.36ips-60mm/s) with the advantage of fan and cross folding printer output into A/A4 packet size output, ready for distribution.

Main Characteristics

- ✓ Value: Exceptional Feature to Price Ratio.
- ✓ Performance: High folding accuracy and reliability.
- ✓ Design: Very compact system with a minimum floor space requirement.
- ✓ Installation: Extremely fast and easy.
- ✓ Operation: Extremely quiet for office environment.
- ✓ Utility: Manual Feed mode to fold also color prints.
- ✓ User-friendly: Easy to operate, Operator Keypad selectable programs.
- ✓ Cost of Ownership: Affordable, No running costs.
- ✓ Electronics: State-of-the-art, Low energy consumption.
- ✓ Maintenance: Simple mechanism that requires few cleanness.
